

The 2017 Wings Banquet to Honor Nine

On April 29, 2017, the Emergency Relief Committee will host the Sixth Annual Wind Beneath Our Wings Award Banquet at the Penn's Landing Caterers. The award was created by Business Manager Samuel Staten, Jr. to recognize Local 332 members who have made outstanding contributions to Local 332 as well as to other organizations throughout the City of Philadelphia.

“For years, we honored so many people all over the city. I just thought it was time for us to pay tribute to some of our own; the men and women who have made all the great things happen for which this union is known.”, said Staten.

Nine Local 332 members will be recognized and receive the Local's highest award the Wind Beneath Our Wings Award at the banquet. In addition to receiving the prestigious Wings Award, each will also be inducted into Local 332 Hall of Fame, with their contributions becoming a part of the union's permanent history. Congratulations!

Also, being inducted into the Hall of Fame is the current Local 332 President, Cory Robinson and former Local 332 President, William Henderson, who will be inducted posthumous.
